Teacher Appreciation Week

This week, the Western Quebec School Board is celebrating its teachers. It is difficult to clearly articulate the degree to which we appreciate them as individuals, and as a group. As directors of the school board, we are afforded the luxury of receiving so much positive feedback and witnessing the initiatives our teachers undertake, along with the commitment, and genuine caring that they model on a consistent basis.

As we all know, the pandemic has brought with it a whole new set of challenges; our teachers, have met these challenges head-on, and in doing so, have clearly prioritized the learning of all of our students. This unselfishness has undeniably been a huge comfort to our students and parents, as the return to classes has not been easy.

We are proud of our teachers. We are proud of who they are and how they carry themselves. We are proud of the virtues they model for our students. We are proud of the learning environment that they create in our school communities. We are proud of the creativity and flexibility that they exercise as they go about their craft. We are proud of the fact that we know our students are well looked after by our teachers.

Please join us in celebrating and thanking our teachers this week. We are so grateful for all that they do; for all that they give: they are greatly appreciated!

Please take a few minutes to view our video!
