

Hello Eardley Community!

Eardley Elementary Home & School is excited to bring you news of our upcoming project!!!

Outdoor education is an important part of Eardley's focus and values. We have been working with the school to see how we can support them, and we are happy to announce that we have approved a project! We are going to **"Raise the Roof"**.

What does that mean? Well, it means that our fundraising profits will be going toward building an outdoor shed that will hold all the equipment for outdoor use.

Having this shed will help maintain the life of the equipment and provide additional space inside the school.

How can you help us **"Raise the Roof"**? You can help by participating in and sharing our fundraisers with family and friends. We have a few upcoming fundraisers for this project and will be making announcements through the school email, our website, and Facebook.

We are feeling ambitious and would like to set a goal of building the shed of the summer. We do have some funds available already from previous fundraising, but we still have a way to go to complete the project. We can do this Eardley Community!

It is time to "RAISE THE ROOF" Eardley Community!

Thank you in advance for your continued support!

Eardley Home & School Team
