

November 24 2021

Hello,

Further to Health Canada's approval of Pfizer-BioNTech's pediatric COVID-19 vaccine for children age 5 to 11, Ministère de la Santé et des Services sociaux is pleased to announce the start of the vaccination campaign for this age group.

For your child to be vaccinated you have two options:

1. You can come with your child to one of our vaccination centers:

- By clicking on the following link:
<https://clients3.clicsante.ca/60059/take-appt>.

Please note that time slots are reserved especially for children so that they are welcomed in reassuring environment suitable for them.

2. You can also book an appointment with your child's school, depending on what it has chosen, whether the vaccination takes place at the school or at one of the vaccination centers. (including school transport):

- By clicking on the following link, you will have to choose your child's school:
<https://clients3.clicsante.ca/67026/take-appt>

If you choose to have your child vaccinated at school, you must complete and sign the electronic consent form via Clic Santé at least 24 hours before the day of the school vaccination. It is also possible for you to complete a paper consent in the event that you do not have access to the internet.

For more information on the vaccination campaign for children age 5 to 11, go to [Québec.ca/vaccinjeune](https://quebec.ca/vaccinjeune). For telephone support, please call 1-877-644-4545 (toll free).
