

# EXTRACURRICULAR ACTIVITY

Register your child to our **science club!**

## **MAD LAB (8 WEEKS WINTER)**

Come with us on a trip across the world of science! We will explore the marvels of aerodynamics and flight. You will learn about gravity and centripetal forces. Experiment with cool chemical reactions and take a test kit home. You will learn the scientific basis of some of your favorite magic tricks and witness a ping-pong ball float before your eyes.

## **MAD ABOUT SENSES (8 WEEKS SPRING)**

Mad Science invites you to live incredible experiments! You will have the chance to discover the strengths and weaknesses of your senses and even play tricks on them. Do magnets always attract? How do objects react to heat? Is static electricity really shocking? All these questions will be answered!

### **Winter 2025 (Mad Lab)**

**Eardley Elementary  
Mondays 11:25 to 12:20  
Grades 1 to 6**

**Starts January 13th  
Two payments of \$99.00  
or \$198.00 Txs incl**

### **Spring 2025 (Mad About Senses)**

**Eardley Elementary  
Mondays 11:25 to 12:20  
Grades 1 to 6**

**Starts March 31st  
Two payments of \$99.00  
or \$198.00 Txs incl**

**Registration deadline:  
January 6th, 2025  
— SPACES ARE LIMITED —**

***Register for both right away  
and save \$50!***

**A total of \$346 txs incl.**
